SMSC Subject Statement

Subject: MFL

Spiritual

Engages children with the beauty inherent with another language. Through MFL children can explore using another language to express thoughts slightly differently.

Moral

- Stories with a moral message from other countries are shared.
- Children learn about traditions within different countries.
  Children are given an awareness and understanding of fellow human beings living different lifestyles in different countries.

Social

- Through MFL the children can compare lifestyles and attitudes.
- The children can look for similarities and differences between cultures, in terms of language use as well as social behaviour and issues.
- They learn to communicate directly with someone who speaks a different language.

Cultural

Children learn about different foods and eating habits. They learn about leisure pursuits, fashion and lifestyles as part of a cultural tradition.
