

Our days left on earth are becoming shorter so why not to stop this destruction to our Planet.

In the present.

What it will look like in the future with no help.

**Road vehicles** account for nearly 75% of the greenhouse gas emissions that come from transport

to lead more

Every day we throw away...	20m bread	5.2m milk	4.9 potatoes
2.2m ham	1.2m sandwiches	0.9m bananas	

Open the bin!

We should start recycling because if we continue to use plastic and dumping it in the ocean, our ocean will die. 72% of our air comes from the sea plants so if the ocean dies the ocean plants die so that means that we won't have as much oxygen.

There is no Planet B  
So respect our Planet
